Each online casino has hundreds of casino slots to offer, but not always they give the players a chance to practice in those games with free (fake) money. It's not a problem for experienced gamblers, but we think it's essential for the new players. So, we decided not only give the newbies a chance to play free online slots but to tell 'em what game features can help them to win, how slot games differ from each other, and many more extras. The symbols are the Dragon head, human character with the fan, different numbers and letters, hieroglyphs and others. The Dragon head is the roaming wild. This symbol wanders through the reels and substitutes for any other except the scatter. 2 wilds give 10 coins, 3 – 100, 4 – 500 and 5 – 2500. If both roaming wilds appear in the same position and substitute in a win, the pay for that win is multiplied by 10. The Double Happiness symbol (symbol with hieroglyphs) has the property to trigger free spins. It wins 10, 15 or 25 when respectively 3, 4 and 5 scatters appear. The scatter pays in any position. The scatter wins are multiplied by the bet per line and the number of lines played. They are added to the payline wins. The most highly paid symbol in the slot is the Chinese character. Five Chinese symbols give 1000 coins. The other symbols have lower value, but they create many winning combinations. It is hard to turn down the Warriors as favourites for the NBA title, but we predict the final series itself will be decided in the Western Conference finals. jackpot city casino instant play
