The larger the denomination, the bigger your bet, which means the bigger your risk but also the bigger your potential reward, because payouts are usually calculated as a number of coins paid out. So if the coin value is higher, naturally both the bet and the potential payout are higher. You will usually be able to set the coin denomination that you want to use. This tends to vary from 1c to \$1, and you use the game controls to select the coin denomination that you wish to play with. For example, if you bet 5 coins at 1c denomination, your total bet is 5c and if you win 100 coins your win is \$1. If you bet 5 coins at \$1 denomination, your total bet is \$5 and if you win 100 coins your win is \$100. all star slots casino

Besides the lack of a progressive system, Monkey King has a nice selection of bonus features – a wild symbol and a scatter symbol along with a free spins round are the best ways to win large

jackpots; the game's static prizes are on the small side, but that's typical of pokies with equally small available bet sizes. You can also take a risk and play one of the gamble games after the successful round. You can choose either the ladder game or the card game. Choosing the right card color or clicking the Gamble button you can increase your winnings. The independent panel dealing with the changes consisted of three people.
