Here is a brief look at how it goes. Classic Blackjack is played with 5 decks of 52 playing cards; these need to be shuffled before dealing every hand. The dealer stands on 17, whether hard or soft. The player's goal is to beat the dealer's hand in one of 2 ways – either when he makes a hand worth more points than the dealer's up to, but not exceeding, a total of 21 or when the dealer busts with a hand of more than 21 points. This is the Blackjack variant with the lowest house edge, meaning the greatest potential for payouts. Unlike Texas hold'em, you don't play against another player. Unlike the other casino game with the best odds, blackjack, you don't play against a dealer. Instead, the game plays out much like the other most famous gaming machine, pokies, where you play against a pay schedule. If your hand is good enough, you win money. For example, in Jacks or Better, if you build a five-card hand with a pairs of jacks or stronger hand, then you win money. If you are fond of classic slot games, slot machines that imitate them and just looking for the entertainment, you will surely like this simple, but still amazing online slot machine. The game doesn't have complicated rules and very easy to play. The design of the game is made in traditional for the slot machines way. May be the only difference is the expanded set of the game symbols. Alongside with the classical bar and cherry symbols the pictures of plums, melons, oranges, lemons and fruit-piece are used in the game. The fruit-piece with the game logo also can be seen under the reels. The sound design of the slot is also borrowed from the real classic slot machine.
