But the main thing about real money slots is not the thrilling feeling of adventure but the feeling that you and your money are completely safe. This is why you should only play gambling games in trusted online casinos that have many reviews, good rankings, and many users. To find such a casino you can either read online casino reviews and try them at your own risk or put yourself in our hands and choose one of the Novomatic online casinos from the list below. The Novomatic online casinos list has been created by the SlotsUp team after the careful research. We never let the unreliable casino get into our list as we care about your safety just like you do. We also keep in touch with all the Novomatic casinos from the list to let you know if there are any new bonuses, promotions, and special offers. Most of the casinos have the welcome bonus for new members. For example, Energy Casino and Quasargaming will double your first deposit and the Casumo casino will award you 200 free spins once you make your first deposit. Some of them also offer huge jackpots so the game can become very lucrative. More so, online casinos recognise high rollers by the size of their deposit and bets. Thereafter, these high roller casinos offer the players exclusive tables and games. A large portion of the table games area is set aside for the popular game Rapid Roulette, unique to Australian casinos. Played according to single-zero (European) rules, Rapid Roulette is an electronic version of standard roulette, played via an electronic gaming portal and touch screen instead of at a traditional roulette table.
